Esthetician Test

Multiple Choice

Identify the choice that best completes the statement or answers the question.

- ____ 1. While receiving spa or salon services, all clients' health, safety, and welfare are protected by:
 - a. state regulatory agencies
 - b. Food and Drug Administration
 - c. state councils
 - d. Boards of Governors
- ____ 2. Which type of bacteria is responsible for food poisoning and toxic shock syndrome?
 - a. staphylococci
 - b. bacilli
 - c. cocci
 - d. treponema pallidum
- ____ 3. To effectively disinfect tools, ethyl alcohol must be no less than a(n) ____ solution.
 - a. 70%
 - b. 80%
 - c. 85%
 - d. 98%
- ____ 4. What is the correct order for mixing disinfectant and water?
 - a. pour the water into the disinfectant.
 - b. pour the disinfectant into the water
 - c. gently shake both liquids
 - d. pour both substances simultaneously into a sterile container
- ____ 5. What should you do with your latex gloves after performing a service or cleaning up contaminated implements and surfaces?
 - a. turn them inside-out as you take them off and put them in a biohazard receptacle trash receptacle
 - b. put them in a trash bin with a closed lid
 - c. turn them inside- out, powder them, and reuse
 - d. soak them in bleach for 10 minutes and reuse
- ____ 6. What does *natural immunity* mean?
 - a. acquired immunity
 - b. having a healthy immune system
 - c. a naturally inherited resistance to a disease.
 - d. being inoculated
- ____ 7. What does *disinfection* mean?
 - a. using a chemical that kills most microorganisms on hard, non-porous surfaces
 - b. using a chemical that kills all microorganisms
 - c. using a UV light to disinfect implements
 - d. using a chemical that significantly reduces the number of pathogens on a hard surface
- ____ 8. What are bloodborne pathogens?
 - a. harmful bacteria that are carried throughout the body in the blood or body fluids
 - b. spirilla and their subgroups, such as *Treponema pallidum* and *Borrelia burgdorferi*
 - c. bacilli and diplococci
 - d. circulatory diseases
- ____ 9. Two strengths of disinfectants used in salons and spas are:
 - a. antibiotic and sanitizers
 - b. tuberculocidal and hospital-strength

- c. hospital-strength and autoclave
 - d. various brands of hospital-strength
- _____ 10. What is a general infection?
- a. infection carried to different parts of the body
 - b. a pus-filled lesion that is confined to a particular part of the body
 - c. infection carried by the bloodstream to the liver and kidneys only
 - d. rash
- _____ 11. Facial benefits include:
- a. deep cleansing
 - b. increasing circulation and detoxifying
 - c. slowing down premature aging
 - d. all answers
- _____ 12. You can stay most informed and motivated by:
- a. talking to coworkers
 - b. continuing your education
 - c. trying new products
 - d. reviewing your accomplishments
- _____ 13. Why are warm, moist towels used prior to cleansing?
- a. to warm and moisten the skin
 - b. to remove impurities
 - c. to tone the skin
 - d. to remove comedones
- _____ 14. If a product gets in the client's eyes during a service, what should be done?
- a. client should flush her eyes with water
 - b. you should flush the client's eyes with water
 - c. wipe the client's eyes with tissues
 - d. allow the client's eyes to naturally flush out the product
- _____ 15. Which of the following is most often used when doing a deep pore cleansing?
- a. moisturizing mask
 - b. serum
 - c. extra cleansing steps
 - d. steam
- _____ 16. What should you do before putting a warm, moist towel on a client's face?
- a. fold it three times
 - b. check the temperature to ensure it is not too hot, or insufficiently heated
 - c. make sure it is clean
 - d. make sure it is in good shape
- _____ 17. The facial steamer should be approximately _____ away from the face.
- a. 48"
 - b. 18"
 - c. 6"
 - d. 30"
- _____ 18. Doing this in front of your client will build confidence:
- a. washing your hands
 - b. cleaning your room
 - c. reading instruction manuals
 - d. refilling supplies
- _____ 19. _____ should be placed on the skin prior to applying a gypsum/plaster mask.
- a. A thin towel
 - b. Nothing
 - c. Gauze
 - d. Petroleum jelly
- _____ 20. Which skin type requires less steam and less heat?

- a. sensitive
- b. dry
- c. oily
- d. normal

_____ 21. Enzyme masks for sensitive skin should be:

- a. formulated for sensitive skin
- b. formulated to remove dead skin cells
- c. diluted
- d. active

_____ 22. The common term for *pseudofolliculitis* is:

- a. face bumps
- b. razor bumps
- c. sun bumps
- d. hair bumps

_____ 23. During a man's facial, hand movements should always:

- a. be firm
- b. follow the hair growth
- c. be light
- d. be aggressive

_____ 24. Effleurage is a relaxing massage technique involving:

- a. wringing movements
- b. soft tapping movements
- c. firm, continuous stroking movements
- d. soft, stroking movements

_____ 25. Lymph drainage massage:

- a. drains pus from comedones
- b. helps remove waste materials from the body
- c. drains lactic acid from muscle tissues
- d. improves elasticity in the skin

_____ 26. What is the key component of an aromatherapy massage?

- a. massage lotion
- b. essential oils
- c. botanical-based creams
- d. all answers

_____ 27. Classical massage movements include:

- a. effleurage and tapotement
- b. petrissage and vibration
- c. rolling
- d. all answers

_____ 28. What is the primary goal of makeup?

- a. make small eyes appear bigger
- b. hide blotchy complexions
- c. give some color to the face
- d. enhance natural beauty

_____ 29. What is the most important factor when choosing a makeup line?

- a. quality
- b. selection
- c. price
- d. packaging

_____ 30. Which type of foundation is most suited for dry skin?

- a. water-based
- b. oil-free
- c. oil-based
- d. water-free

_____ 31. How do you remove concealer from a container?

- a. your fingers
- b. your client's fingers
- c. spatula
- d. makeup brush

- _____ 32. When an eye shadow is lighter than the client's skin tone, it is called a:
- a. base
 - b. highlighter
 - c. contour
 - d. dark
- _____ 33. What do eyebrows do for the eyes?
- a. diminish the appearance
 - b. enlarge the appearance
 - c. create expression
 - d. frame
- _____ 34. When should you use an eyelash curler?
- a. before you apply mascara
 - b. after you apply mascara
 - c. before or after applying mascara
 - d. after applying lipstick
- _____ 35. Paraffin, beeswax, carnauba, and candelilla are:
- a. waxes that are never used in lipsticks
 - b. waxes that are commonly used in lipsticks
 - c. oils
 - d. banned by the FDA
- _____ 36. Identify the natural colorant(s) used in lipsticks:
- a. iron oxides
 - b. mica
 - c. annatto
 - d. all answers
- _____ 37. Lip liners outline and fill in the lips. What else do they do?
- a. prevent feathering
 - b. ensure the proper shape
 - c. add definition
 - d. all answers
- _____ 38. When cleaning your makeup brushes, you can use:
- a. gentle shampoo
 - b. spray-on sanitizer
 - c. brush solvent
 - d. all answers
- _____ 39. What are primary colors?
- a. colors that are generally used by a novice makeup artist
 - b. colors that cannot be obtained from a mixture of colors
 - c. red, yellow, and green
 - d. orange, violet, and blue
- _____ 40. In terms of foundation, what is the first thing you must assess?
- a. your client's favorite colors
 - b. how often your client wears foundation

| | |
|----------|---|
| | Feedback |
| A | An antibiotic is a drug used to treat bacterial infections. |
| B | Correct |
| C | An autoclave is a device that sterilizes implements. |
| D | Hospital-strength and tuberculocidal disinfectants are used in the salon setting. |

PTS: 1

10. ANS: A

| | |
|----------|---|
| | Feedback |
| A | Correct |
| B | A pus-filled lesion that is confined to a particular part of the body is a local infection. |
| C | A general infection can occur in the liver and kidneys as well as other parts of the body. |

| | |
|----------|---|
| D | A rash is any red eruption on the skin. |
|----------|---|

PTS: 1

11. ANS: D

| | |
|----------|---|
| | Feedback |
| A | They also can increase circulation and detoxify the skin. |
| B | They also can slow premature aging. |
| C | They also can deep cleanse the skin. |
| D | Correct |

PTS: 1

12. ANS: B

| | |
|----------|--|
| | Feedback |
| A | You can stay most informed and motivated by continuing your education. |
| B | Correct |
| C | You can stay most informed and motivated by continuing your education. |
| D | You can stay most informed and motivated by continuing your education. |

PTS: 1

13. ANS: A

| | |
|----------|--|
| | Feedback |
| A | Correct |
| B | Cleansers remove impurities. |
| C | Toners tone the skin. |
| D | Extractions are performed after steam and a facial mask. |

PTS: 1

14. ANS: A

| | |
|----------|--|
| | Feedback |
| A | Correct |
| B | The client should flush her eyes with water. |
| C | Do not attempt to remove the product with tissues. |
| D | The client should flush her eyes with water. |

PTS: 1

15. ANS: D

| | |
|----------|--|
| | Feedback |
| A | It can include a lifting mask. |
| B | It may, or may not, require a serum. |
| C | It may, or may not, require extra cleansing steps. |
| D | Correct |

PTS: 1

16. ANS: B

| | Feedback |
|---|---|
| A | Towels are folded according to the face size. |
| B | Correct |
| C | A soiled towel should never be put in your towel cabinet. |
| D | The quality of your towels should be ascertained when setting up your treatment room for the service. |

PTS: 1

17. ANS: B

| | Feedback |
|---|--|
| A | It should be approximately 18" away from the face. |
| B | Correct |
| C | It should be approximately 18" away from the face. |
| D | It should be approximately 18" away from the face. |

PTS: 1

18. ANS: A

| | Feedback |
|---|--|
| A | Correct |
| B | Never clean your room in the presence of a client. |
| C | Never read instruction manuals in front of your client. |
| D | Treatment room supplies should be refilled before the appointment. |

PTS: 1

CONTEST OVERVIEW

Esthetics

The purpose of the Esthetics competition is to evaluate the contestants' techniques and professionalism in the field of skin care. Students will be tested in different areas:

- Student kit check,
- An oral skin assessment;
- A written exam covering the fundamentals of skin care;
- Sanitation;
- Skin analysis;
- A hands-on basic facial demonstration,
- Facial massage
- Make-up application beauty and fantasy

For more information on participation the Esthetic competition please contact Francine Collora Contest Chairperson @ 310-900-0889 or fcollora@dermalogica.com or contact your State Skills USA Director.
